State/UT-wise allocations are made by Government of India and communicated to the States and Union Territories, which, in turn, are required to make the district-wise allocations. Accordingly, balance proposals which had earlier been received in the Government of India and could not be considered in the year 2002-03, were returned to the respective State Governments for consideration on priority as per the Guidelines issued in June 2003 within the allocated amount communicated to the State for the year 2003-04
